

T3 Motion Provides Clean Energy Electric Vehicle to Korean Police for G20 Summit Security in Seoul, South Korea

***South Korean Distributor, Sunny Electronics Provides T3 Series Electric Stand-up Vehicles
for Security at G20 Summit***

Costa Mesa, CA (November 11, 2010) OTCBB : TMMM – The iconic T3 Series Electric Stand-up Vehicle (T3 전기 순찰차) was selected by the South Korean Police as a cutting edge ‘green’ clean energy vehicle to provide security for South Korean Police Officers at the G20 Summit in Seoul South Korea. The G20 Summit nations come together in Seoul, South Korea November 11-12 to discuss the state of the global economy as it emerges from the financial crisis.

The G20 Summit 2010 hosts world leaders, thousands of press, media, TV correspondents, and secret service detail from 20 countries. Together, the members of the G20 represent over 85% of the world economy.

Security Patrol at G20 Summit 2010
Seoul, South Korea**

“South Korea is the 13th largest economy in the world representing a significant business opportunity. Korea can utilize T3 to keep our cities safe and clean with zero emission vehicles,” said Sean Gwak, CEO of Sunny Electronics Corporation (써니전자).

“Attended by twenty nation’s leaders and media, the G20 Summit is a fantastic opportunity to showcase T3 Motion’s cutting edge, clean energy vehicle. I am pleased to see the Korean government proactively promoting clean energy programs.,” said Ki Nam, T3 Motion, Inc. C.E.O.

“With over 2,500 T3’s deployed around the globe, the T3 Series Electric Stand-up Vehicles has been recognized as the leading application for public safety around the world. T3 Series received the Innovation Award in 2007 by the International Association of Chiefs of Police (IACP). The G20 Summit is the perfect example of how T3 Series vehicles can provide efficient and effective patrol with the benefit of rapid response in a large crowded area,” said Nam.

T3 Series Features

The cutting-edge 'green' technology provides a low cost of operation—at less than 10 cents per day and two re-chargeable, swap-able batteries, the T3 has 24/7 operation with unlimited range.

- Zero-degree turning radius
- Swap-able batteries
- Speeds up to 20 mph [32 km/h]
- 9-inch raised platform provides a superior vantage point
